# HOW TO TAKE THIS COURSE

- A lot of slides provide practical, concise information on how to do things.
- You will find demos of using the Google Cloud Platform throughout the course in the middle of lectures.
- Most of the complicated commands we are using in this course can be copied from the slide right before the demo starts.
- A lot of the lectures provide real world examples

# HOW TO GET SUPPORT

- If you have questions, you can use the Q&A discussion page in Udemy

# HOW TO GET SUPPORT

- In order for you to get more out of this course by getting live help from us and other students, we also have a Facebook group called [Learning DevOps and Level Up](#).
